

Ref: Oz.Sec./2025/Decision XXXVI/2/LRM

7 April 2025

Reminder: Information on Life-Cycle Refrigerant Management

Dear Sir/Madam,

I would like to take this opportunity to remind you of decision XXXVI/2 on life-cycle refrigerant management, adopted by the Thirty-Sixth Meeting of the Parties to the Montreal Protocol. I specifically refer to paragraphs 3 and 4 of the decision:

- In paragraph 3, parties are encouraged to submit to the Ozone Secretariat information, where available, related to life-cycle refrigerant management activities, such as on financial and technological resources, capacity-building resources, costs related to life-cycle refrigerant management activities, initiatives taken, relevant regulations, if any, and challenges encountered by parties operating under paragraph 1 of Article 5 of the Montreal Protocol and parties not so operating;
- In paragraph 4, the Ozone Secretariat is requested to compile information on life-cycle refrigerant management, including information on existing programmes that support life-cycle refrigerant management efforts and any information submitted pursuant to paragraph 3 above, and to post it on its website.

The requests in these paragraphs, together with other actionable parts of the decisions adopted during the combined thirteenth meeting of the Conference of the Parties to the Vienna Convention and Thirty-Sixth Meeting of the Parties to the Montreal Protocol, were communicated to all parties in a [letter](#) dated 20 December 2024.

The Ozone Secretariat looks forward to receiving any information that your party may consider relevant to life-cycle refrigerant management **by 31 May 2025** as specified in decision XXXVI/2. Please communicate your response by email to Liazzat Rabbiosi (rabbiosi@un.org) with a copy to MEA-ozoneinfo@un.org.

We look forward to continuing our collaboration with your Government to implement the provisions of the Montreal Protocol.

Yours sincerely,

Megumi Seki Nakamura
Executive Secretary
