## Annex

### Decision XXXIII/xx: 2022 Contributions to the Multilateral Fund for the Implementation of the Montreal Protocol for the triennium 2021–2023

#### Submission by Australia and the European Union

*Taking into account* the current exceptional circumstances related to the coronavirus disease (COVID 19) pandemic, and without setting a precedent,

*Recalling Decisions XXXII/1 and XXXIII/[xx]* on the interim budget for the Multilateral Fund for the Implementation of the Montreal Protocol for the triennium 2021–2023,

Recalling also Decision ExIV/1 on 2021 Contributions to the Multilateral Fund for the Implementation of the Montreal Protocol for the triennium 2021–2023

*Noting* that the next Meeting of the Parties is expected to take a final decision on the replenishment of the Multilateral Fund including a revised budget for the triennium 2021–2023, including regular contributions by parties and potential extension of the fixed-exchange-rate mechanism,

*Recognizing* that contributions to the Multilateral Fund before a final decision including a revised budget for the 2021–2023 triennium has been taken by the Meeting of Parties would help ensure the continued functioning of the Multilateral Fund;

*Recognizing also* that some parties have advised that under their national budgeting processes, contributing to the Multilateral Fund requires a decision by a Meeting of Parties which states the level of this contribution,

*Noting* that any contributions made by parties, in advance of a final decision including a revised budget for the Multilateral Fund for the 2021–2023 triennium and of a decision on the potential extension of the fixed-exchange-rate mechanism, would count towards the level of contributions to be decided for the 2021–2023 triennium,

1. To adopt the level of indicative contributions for the parties listed in Table A for 2022 on an interim basis in advance of a final decision from the Meeting of the Parties on a revised budget for the Multilateral Fund for the triennium 2021–2023;

2. That any contributions by parties made in advance of a final decision on the revised budget for the Multilateral Fund for the triennium 2021–2023 shall be without prejudice to the overall level of the replenishment or to the agreed level of contributions by parties;
